

Tom Minges
513-310-3794

I am also a faculty member at the University of Cincinnati in the Nurse Anesthesia Program. I serve as the DNP Project Coordinator and Obstetric Clinical Coordinator for the program. I graduated from UC in 2013 and obtained my DNP in 2020. Over the last 5 years of being faculty I have developed a significant interest in mental health and substance use. During that time, I have obtained a Substance Abuse Prevention Certificate and am currently in the Substance Abuse Counseling Certificate Program at The University of Cincinnati. I also hold an Ohio Chemical Dependency Counselor Assistant License. I am actively involved in addressing student mental health at the University of Cincinnati.
